the fort and fell back again torn pieces by the French fire masses reenforcements moved forward from ppe, behind the German lines to the theast, and came under the fire of French heavy batteries. Under this As the waves surged up the heights e French heavy batteries. Under this e the supporting troops broke and fled ok to the village of Dieppe. For each German attack on the fort

the French threw forward a counter atfrom a point to the west of the hecking progress toward the fort. cial communiqué as "enormous." official communiqué issued by the

War Office to-night follows: On the left bank of the Meuse there is great activity on the part of the tillery on both sides in the sector of Hill 304, and between Le Mort Homme and the Meuse. On the right bank the Germans

made an attempt against our posi-tions between the Vaux Pond and the llage of Damloup, a powerful of-nsive action, which was continued rough the whole day. Continual atacks undertaken with compact masses succeeded each other in this region. The magnificent resistance of our troops overcame the efforts of the

West of Fort Vaux our counter at-tacks, replying to each German attack. prevented any progress by the enemy before Fort Vaux, which the Germans cought to capture at any cost. The fighting attained unprecedented viodown by our cannon and our mitrail-leuses, suffered enormous losses. The enemy masses which came to reen-force the engaged battalions were taken under the fire of our heavy bats and fled back in disorder to

of the heights of the Meuse, the The artillery fighting continues very

atly on the whole right bank of

The battle of to-day was continuous with that of yesterday, in which the Gerwon first line trenches on a broad i in the Bois de la Galllette, benight the German attacks were connight attacks were broken down by he French fire and counter attacks, ex-ept in the Bois de la Calllette, the outhern portion of which was taken by the Germans, thus completing the sucgain to the southern shore of Vaux pond.

Le Mort Homme Attacks Go On. On the west bank of the Meuse the ery bombardment of the line Le Homme-Cumieres has continued out decrease in violence. A French er attack on this front recovered yards of trenches south of the Bois Caurettes, to the west of the vilage of Cumieres.

The afternoon communiqué was as

In the Argonne there has been fighting with hand grenades in the Vauquois sector, at Courtes Chaussees and La Fille Morte. We caused the sion of several small mines, hich inflicted damage upon the sub-rranean works of the enemy. On the left bank of the Meuse a

counter attack delivered by our troops made it possible for us to progress for 100 yards into the comating trenches of the enemy of the Bois des Caurettes. Be-Cumieres an attack on the part of the enemy was checked by our curtain re and the Germans could not

the right bank of the river the continued yesterday and last with extreme violence along the are front between the Thiaumont m and Vaux. It even spread to the t of the Vaux fort as far as Damp. In the region of Thiaumont Douaumont the assaults of the themy were repulsed by our fire and

counter attacks, outh of Fort Douaumont the Germans were successful in penetrating the southern portion of the Bois de la Caillette, as well as the southern shores of the Yaux Pond. On our right all the attacks directed upon the sector between Yaux and Dameloun were broken by the constant. loup were broken by the counter resistance of our troops, who inflicted very heavy losses upon the enemy. In the course of this tighting the ar-tillery fire reached an exceptional degree of violence and continued along all the front attacked along all the front attacked.

2,076 FRENCH TAKEN.

Germans Also Capture Many Guns at Caillette Wood.

BERLIN, via London, June 2.—Caillette Wood, on the east bank of the Meuse, between the village of Vaux and Fort Douaumont, together with adjoining trenches, was taken by storm by the forces of the Crown Prince yesterday. French made a counter attack with arge forces southwest of Vaux Wood

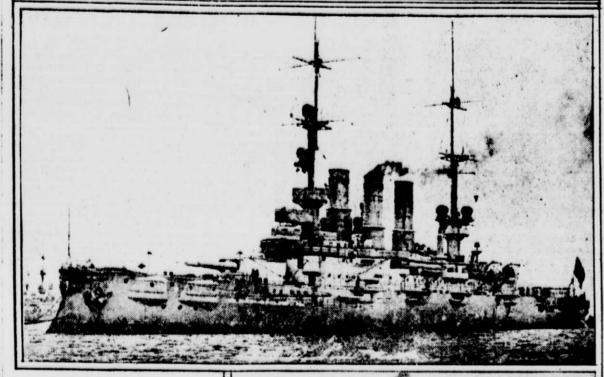

nan forces seventy-six officers and 2.000 men prisoners, and three cannon and twenty-three machine guns were captured.

A strong British attack was delivered

TWO GERMAN SHIPS SUNK IN ACTION.

ABOVE, the pre-dreadnought Pommern (of about the same tonnage and fighting value as the New Jersey of the U. S. Navy). Below, the light cruiser Fraurenlob of 2.700 tons. The cruiser Weisbaden, also reported lost, is about the same size. The British Admiralty states that in addition to these vessels, one dreadnought of the Kaiser class was blown up by British destroyers and another of the

same class sunk by gun fire. The ships in this class are the Kaiser, Friedrich der Grosse, Kaiserin, Prinzregent Luitpold and Konig Albert. They are of 24,310 tons displacement and carry 10-12 inch guns. The British Admiralty also states that of three battle cruisers, two of which are belived to be the Derflinger and Luetzow, one was blown up and another disabled.

last night west and southwest of Givenchy-in-Gohelle, at the northern end of the Vimy Ridge. The attack was preceded by increased artillery fire and the explosion of mines. The German fire curtain broke the force of the attack and the British troops which received. and the British troops which reached

After an increase of artillery fire and preliminary mine explosions, strong British forces attacked last night west and southwest of Given-chy. Such as had not been forced to chy. Such as had not been forced to withdraw with heavy losses by our curtain of fire were driven back after hand to hand fighting.

On the west bank of the Meuse the

French repeatedly attacked without On the east bank of the Meuse we stormed Caillette Wood and trenches adjoining. An enemy counter actack this morning with strong forces south-west of Vaux Wood falled. Up to

west of Vaux Wood falled. Up to the present seventy-six officers, 2,000 Southwest of Lille a British acroplane with its occupants fell into our hands undamaged. A French single seat battle machine was brought down in an aerial engagement over Marre Ridge. Furthermore, one biplane was brought down within our reach over Vaux and another west of Moer-

DENY VIMY REPULSE.

sustained bombardment, which ex-tended over not only the front men-tloned but also the area behind. This was followed about midday by hos-tile infantry attacks, which succeeded in penetrating our front trenches at several points, but were repulsed else-where. The enemy's artillery fire i-less intense, but the fighting continues in this locality.

in this locality.

Last night we blew some crators on the Vimy ridge and in combination with artilles bombardment penetrated the German trenches at a few points. Our infantry subsequently withdrew. The "repulse of strong English forces" in this vicinity in to-day's German communique is incorrect, The hostile artillery activity from

the Vimy ridge to the neighborhood of Loos was below normal to-day. North of La Bassee Canal we made a breach in the German parapets.

Between Arras and the River
Somme there was the usual artillery action on both sides, except about Thiepval, where the hostile fire was
